

Letter #62  
Page 1

Coblenz, Ger.  
Jan. 21 1919

Dear Folks,

It is several days now since I wrote last but there is hardly anything to write about. Things are so very slow in the hospital and there is nothing but disgusting news in the newspapers. I notice they are writing lots of articles in the papers now since some of the boys went home that sure make us boys over here feel good. A bit of news that was worth a months pay was that about the Y.M.C.A. getting it in the neck. It sure took a long time to find out that they were crooked. Well, I'll think they will find out lots of things that will make them sit up and take notice.

I hope this letter will find you all well and in the best of health. For myself I can say that I am feeling fine and expect to get out pretty soon.

I have been waiting to get some of your mail from the company but so far have heard nothing as to whether they received my letter or not.

Have you been getting any mail from me lately? I think you ought to receive a letter about once a day for a while. How is everything at home now-a-days. How is the weather? Weather here is pretty rainy. Well this is all I have to write so I will close with love and kisses to all I remain as ever your loving and affectionate Son,

Max

Dear Folks:

It is several days now since I wrote last but there is hardly anything to write about. Things are so very slow in the hospital and there is nothing but disgusting news in the newspapers. I notice they are writing lots of articles in the papers now since some of the boys went home. That sure make us boys over here feel good. A bit of news that was worth a month's pay was that about the Y. M. C. A. getting it in the quick. It sure took a long time to find out that they were coming. Well, I'll think they will find out lots of things that will shake them all up and take notice.

I hope this letter will find

you all well and in the best of health. For myself I can say that I am feeling fine and expect to get out pretty soon.

I have been waiting to get some of your mail from the company but so far have heard nothing as to whether they received my letter or not.

I hope you been getting any mail from me lately? I think you ought to receive a letter about once a day for a while.

How is everything at home now. a day? How is the weather? Weather here is pretty rainy.

Well this is all I have to write so I will close with love and kisses to all. I remain as ever your loving and affectionate son
