## Rules

- **FORMAT:** Your edible vehicle has to be tridimensional (3-D). Why? Because flat things are “boring,” but otherwise everything is up to your own creativity.
- **MATERIALS:** Everything you use to create your vehicle must be edible and non-perishable. We really don’t want the museum to start smelling funky. If you choose to create the scenery for your vehicle, non-edible materials like mini figures or trees are acceptable.
- **SIZING:** Your vehicle and display must fit within an 11 by 17-inch area. It should be no taller than 17 inches. Let’s not get crazy here!
